Life's greatest purpose: to know God, love God and be in a living relationship with Him.

We were intended to be the delight of God and the object of His affection (Rev 4:11)

- Our relationship with God was originally God-centered (Gen 2:7-25)
- Creation provided the context for God's redemption of humanity (Rev 13:8; Eph 1:4)

God made Himself knowable by becoming human (John 1:1-3, 14; 14:8-9; Col 1:15; Heb 1:3)

God and His glory are revealed in Jesus Christ (2 Cor 4:6)

- Jesus reveals the nature and character of God in visible form (Col 2:9)
- Jesus reveals the glory of God to us (John 12:23,32)
