**Life challenge....**

How would I evaluate my commitment to the Lord in the areas of my life that were discussed this morning?

What area or areas listed above do I need to re-focus on and put into action in my life? Write them down and develop a realistic plan to move in that direction.

What is it that is holding me back from making an all-out commitment to follow Jesus in my daily life? What is one thing I need to start to do to become more committed to following Christ unreservedly?
