Frank Mascaro

From beginning to end of His ministry, Jesus makes it clear that being a disciple involves making disciples - following Christ involves fishing for men (Matthew 4:19-22; 28:18-20)

If we are to be disciples who are making disciples then we have to overcome:

- developing a "spectator" mentality
- allowing good things to keep us from giving ourselves to the best thing
- organizing ourselves for *routine* addition rather than *serious* multiplication.
- our fears
